Impacting thousands of lives

UnitedHealthcare Children's Foundation (UHCCF) is focused on creating lasting change in the lives of children. UHCCF has helped countless kids live healthier, fuller lives through the generosity and support of our donors and sponsors around the country. Each donor has played a critical role in the mission to achieve brighter futures for these kids.

As life has begun to return to normal, you showed up to help our cause when we needed you most. Your active engagement in many of our events and fundraisers helped keep our ambitions and motivations high. We do our best work together, and your help and participation doesn't go unnoticed.

Kaili Walsh is an exceptional young woman and we are honored to share her story with you. When Kaili was born, doctors quickly realized she suffered from both a cleft lip and palate. After being adopted and moving to the U.S., Kaili received two grants from UHCCF to help pay for reconstructive surgeries. Kaili and her family have been fantastic ambassadors for UHCCF. They continue to raise awareness about cleft palate repair and the life-changing assistance they received.

Thank you for your continued support and passion for our mission. Together we will continue supporting the futures for children like Kaili.

Kaili

About us

UnitedHealthcare Children's Foundation (UHCCF) is a 501(c)(3) charitable organization that provides medical grants to help children 16 years or younger gain access to health-related services not covered, or not fully covered, by their family's commercial health insurance plan. Through our mission, we strive to significantly enhance the clinical condition or quality of life for children across the United States. Since 2007, UHCCF has helped provide 32,000 grants to families throughout the nation so they can get the timely financial support they needed – all thanks to the generosity of our donors.

Why support UHCCF

- Proceeds from our fundraising events and programs fund medical grants for children across the United States.
- Make our communities stronger, one child at a time.
- Provide timely financial support so families can focus on what is important – the quality of life of their child.
- Feel good knowing they're making a difference in children's lives.
- Increase the chance for every child to live a healthier, happier life.

We share a heartfelt thank you to all our selfless donors and supporters who continue to do good and impress us all. You truly make a difference.

Has UHCCF changed your life? We'd love to hear your story. Please share it with us at uhccfcustomer@uhc.com.

Visit uhccf.org to see the many ways you can contribute and be involved.

President, UHCCF

A message from the President

This past year was another strong one for the UnitedHealthcare Children's Foundation. We saw incredible resilience from our grant families, sponsors and volunteers as they navigated the pandemic. The amount of support we received was incredible and we are truly grateful. We look forward to building upon the accomplishments of this past year so we can help more families in the future.

I'm honored to share that we awarded 3,159 medical grants valued at more than \$5.7 million in 2022. Since 2007, the Foundation has awarded 32,000 grants valued at over \$65 million.

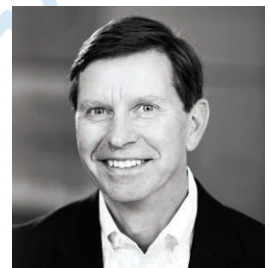

Looking back on last year's events, one of my favorites was the MN Golf Classic. In the span of 24 hours, with the help of 416 donors, volunteers and supporters, we raised more than \$2 million, which alone will fund 1,400 medical grants.

It's truly an honor to be a part of the UnitedHealthcare Children's Foundation and to work with kind families, passionate employees and giving sponsors who collaborate to make all these events possible. We hope you will join us again next year so we can help more families receive the care they need. On behalf of the UnitedHealthcare Children's Foundation, I thank you for your generosity.

Matt Peterson

Matt Peterson

As we go to print, Jack Wickens has thoughtfully let us know that he will be stepping down as chair of the foundation. There isn't enough space in this annual report to properly thank Jack for his 15 years of dedicated support, during which time he was a visionary leader that helped improve the lives of thousands of children. We wish Jack the best in his future endeavors, which will hopefully include many UHCCF activities. There will be more to come on Jack's future with UHCCF, but for now the board and I want to offer him our sincerest gratitude for his leadership, dedication and friendship.

Jack Wickens
Former Chairman, UHCCF

We appreciate you! Thank you to our sponsors who helped change the lives of so many children.

Bailey
Age 8,
Vancouver,
WA

Your contributions and efforts make the work we do possible. Our corporate sponsors provide an unwavering, unmatched level of support to the UnitedHealthcare Children’s Foundation.

With the generous help of our partners and sponsors, we were able to award more than 3,159 medical grants in 2022. Your passion for our organization and mission makes us even more determined to shine in 2023. Thank you for your commitment.

Donor and family support means the world and we wouldn’t be here without you. Here’s a special thank you from two of our grant recipient families to show you just how much you mean to us.

Kaiden

“Kaiden has loved being in the spotlight as a grant ambassador for UHCCF. He truly felt like a superstar seeing himself on so many posters, signs and materials last summer. We loved last summer’s opportunity, but we are truly grateful for the aqua kits that Kaiden’s grants funded. His kits give him the ability to swim, play water activities and socialize with other kids all while he can still hear. We are so grateful.”

– Kaiden’s mom, Korrye

Kaiden was diagnosed with bilateral hearing loss at age 1.

Kaiden
Age 6,
Roanoke,
VA

Bailey

“Bailey suffers from 26 life-threatening food allergies, which is what drew us to the Tolerance Induction program. Unfortunately, this program is completely out-of-pocket. The grants Bailey has received have made it possible for her to get the help she needs. We are so thankful and grateful for the Children’s Foundation. Thank you SO much!”

– Bailey’s mom, Amanda

Cross-country commitment

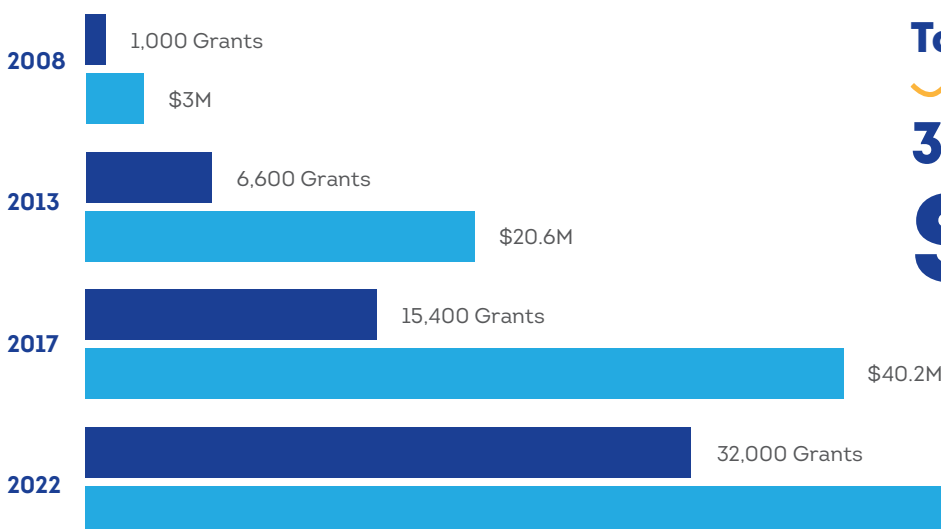

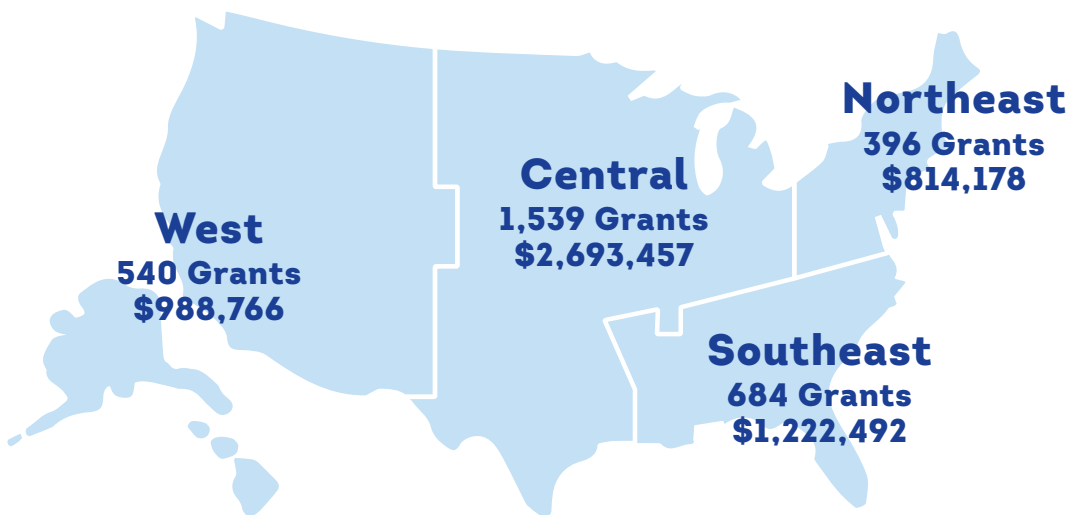

The UnitedHealthcare Children's Foundation medical grants aim to provide families with the resources and tools they need to handle various medical expenses. The grants also help pay for services that aren't fully covered like therapies, durable medical equipment, hospital stays, medication, mental health services and more.

"I am incredibly proud of the results achieved by the UnitedHealthcare Children's Foundation this year for the families we serve. The pandemic proved difficult for many of our grant recipient families, as it did for others, and we feel honored that we could support them during such a difficult time. We have never been more motivated than we are now to continue creating grants for children and families across the country."

– Olivia Jefferson, Executive Director at UHCCF

UnitedHealth Group employees giving back together

Employee giving

The kindness of UnitedHealth Group, UnitedHealthcare and Optum employees never fails to amaze us. We were so honored to see your continued support throughout 2022. Thank you and we can't wait to see what's in store for 2023!

Ambassador program

The UnitedHealthcare Children's Foundation ambassadors include UnitedHealth Group, UnitedHealthcare and Optum employees that have supported our mission year after year. Today, there are 624 ambassadors whose kindness and compassion drive support for UHCCF programs and events. These extraordinary people work on various volunteer efforts, campaign promotions and fundraisers to support us. Each year, they work together to assist with various programs like Hero Days and our holiday auction. The ambassadors logged more than 1,265 hours of service last year while attending several events. We are so grateful to these individuals and are honored to have you by our side.

Where are they now?

Sarah

In 2014, Sarah became ill with heart failure. Thankfully, she was able to receive a heart transplant soon after her diagnosis. During the time that she was battling this illness, she gained a new heart, but lost most of her ability to hear. The UnitedHealthcare Children's Foundation provided Sarah with multiple grants to help cover items like hearing aids and essential medications. Sarah received these funds over a four-year timespan and spent much of her time trying to adapt to these new challenges. Although each day still brings obstacles, Sarah has learned to adapt to her hearing aids and make the most of her situation.

UHCCF helped build a foundation for Sarah to make the most of her life. She's grown up to be a strong, happy teen who loves spending time with family. In fact, Sarah and her family lead a very active lifestyle, which includes being self-proclaimed cycle "super fans." The family even attended UHCCF's 2022 Bridges of Hope event where they showed support and enjoyed the festivities. Sarah looks forward to graduating high school and continuing to her pursue her dreams.

Sarah
Age 17,
Baltimore,
MD

Events to remember

Minnesota Golf Classic

This year was the 13th Annual Golf Classic. We saw another huge success, with the event raising more than \$2 million to fund 1,400 medical grants. To make this happen, 416 golfers came together to help sell out three golf courses.

Five grant families were able to join the fun and participate in the festivities. It was such an honor to have these individuals join us and spread additional awareness of just how incredible these grants are. This event was made possible by our wonderful presenting sponsor Shutterfly and

our generous tournament sponsors like Multiplan, Skygen and Excelsior.

Century Ride

Launched in 2012 by Ric Blanchard, Helmut Braun, Dan Cohen, Mike Connly, Kevin Knarr, Jeff Meyerhofer, Rob Webb and Dave Wichmann, the Century Ride has reached its 11th year. The original eight set this cycling event up to raise funds for UHCCF while doing something they all loved. To make things more interesting, participants were given the option of a 100-mile ride or 62-mile ride for this event. The ride took place on August 13 and had a total of 130 cyclists. We're so proud of the riders involved and very appreciative of our key sponsors, Zelis, AMS, 4 Cornerstones Foundation, Skygen, UnitedHealthcare and Optum to name just a few. All your support allowed us to earn more than \$840,000, which funded grants for 561 children.

Thank you to our 2022 golf sponsors!

California Golf Classic

This year the West region put on its own golf classic that rivaled all others. The beautiful California weather drew more than 100 golfers to the course on September 15. Attendees had the great fortune of meeting our grant recipient Pablo and his family. The group was able to raise

an astounding \$191,000 which funded 127 grants.

Mid-Atlantic Virtual Golf Classic

The Mid-Atlantic Virtual Golf tournament was back by popular demand and involved more than 50 people. The event took place on December 7, with an appearance from 2022 PGA TOUR Championship winner, Justin Thomas, who was interviewed by his caddy, and NBC Golf commentator, Jim “Bones” Mackay.

Thanks to sponsors such as Compass Rose Benefits Group, we raised the funds for 69 medical grants. Our 2022 results are on par with last years, and we can't wait to see even more growth in 2023.

Minnesota Golf Classic Sponsors

California Golf Classic Sponsors

Mid-Atlantic Virtual Golf Classic Sponsors

Thank you to our 2022 cycling sponsors!

Bridges of Hope Ride

The second annual ride took place in Baltimore, Maryland on Saturday, September 3, and brought over 60 riders together for a 31- or 62-mile course. This ride allowed participants the unique opportunity to cycle on part of the MCC course just a day before the pro-ride took place. The Bridges of Hope Ride ultimately raised more than \$175,000 to fund 116 medical grants.

Frosty Fat Ride

This year's Frosty Fat Ride included 55 brave cyclists. Each rider was willing to come out and brave the cold, MN weather for a good cause. The event raised more than \$118,000, funding 79 medical grants.

Velo & Vines Ride

On June 11, 50 cyclists joined the 8th Annual Velo & Vines ride. The scenic backdrop of Healdsburg, CA, brought participants together to embark on a 30-, 62- or 100-mile bike ride. After the ride, the cyclists enjoyed lunch and wine at Arnot Roberts Winery. At the end of the event, more than \$189,000 was raised to create grants for 130 children in the West region.

Cycling Sponsors

Thank you to our 2022 social event sponsors!

In 2022, the UnitedHealthcare Children's Foundation put on several social events that raised over \$950,000 for medical grants. Participants not only supported a great cause, but they had a blast doing it. Thank you to all of our sponsors who helped make these events happen!

Topgolf events

In 2022, there were seven Topgolf events that took place throughout the country. Each event allowed people to come together a few hours of fun, food and drinks. Every event included the chance for guests to earn a \$10,000 cash prize if they hit a hole-in-one. Although many tried, no one was lucky enough to make the shot. The events raised a total of \$439,000 which went towards 292 medical grants. Thank you to all of those who participated in the fun!

Topgolf events:

Arizona	North Texas
Georgia	South Texas
Louisiana	Virginia
Missouri	

Wine events/galas

In addition to the fun Topgolf events, the Children's Foundation put on five social events that took place in various settings like rooftops and wineries. Every event offered a unique set of activities for guests to take part in. For example, the New York Rooftop event allowed guests to enjoy breathtaking city views while having the chance to partake in a silent auction. In total, these events raised more than \$324,000 which funded over 216 medical grants.

Wine events/galas:

Connecticut Gala	North Carolina Wine
Nashville Night of Hope	Washington Wine

Spotlight: Meet some of our grant recipients

Savannah

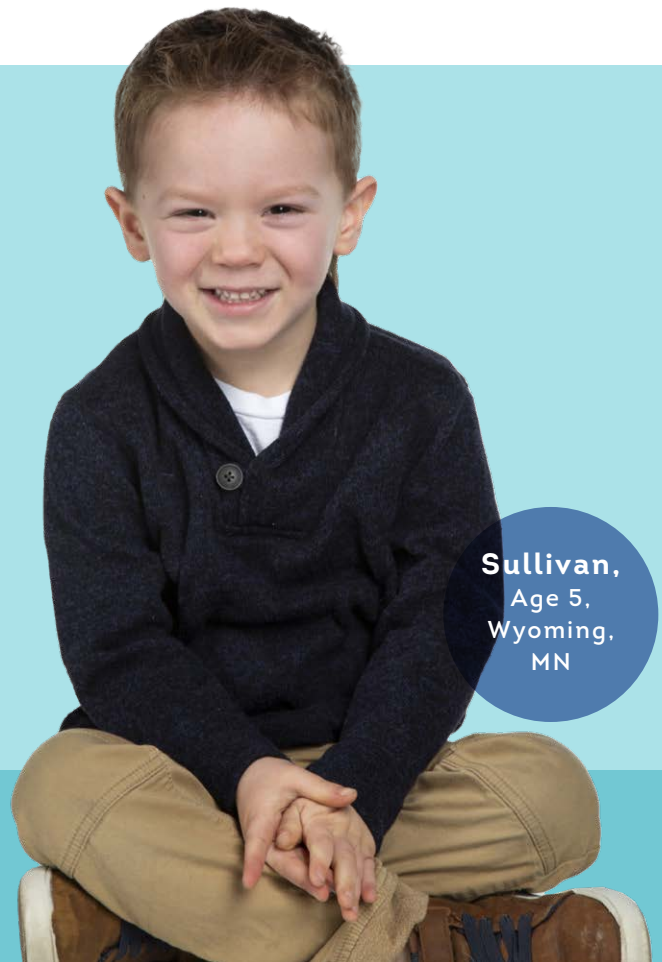

When Savannah was born, she was missing a tongue and lip tie. Both things help people use their tongues properly and move or curl their lips. At age 4, Savannah's parents realized her speech was not matching that of her peers. Savannah was referred to a speech therapist so that she could begin to work on her communication. With three years of therapy and a tongue tie revision, Savannah has shown tremendous progress. One of her greatest battles was saying her name. She can now proudly share it with others. The UnitedHealthcare Children's Foundation grants she has received have helped keep her in speech therapy year after year. She looks forward to continuing her work and is proud of how far she's come.

Savannah,
Age 9,
Hope Mills,
NC

Sullivan

Sullivan has suffered from nonstop ear infections, colds and throat infections for his entire life. It finally got to the point where he was recommended for a surgery to alleviate these recurring infections. Sullivan's family knew this was the best option for him, but the suggestion came at the beginning of the COVID-19 pandemic. Times were financially tough, and his family was concerned about the out-of-pocket expenses that would come with a surgery of this kind. A grant from UHCCF provided the family with the financial aid necessary to cover the surgery. They were able to take a step back and focus on what mattered, their son's health and recovery. Sully is now in good spirits and was even spotted at the 2022 Frosty Fat and Century rides for UHCCF. His family is beyond happy to see Sully healthy and happy with no complications after his surgery.

Sullivan,
Age 5,
Wyoming,
MN

Allie

In January 2022, Allie was diagnosed with type 1 diabetes. Her family has had no history of the condition and is in good health, making the diagnosis a complete shock. Not only was it an emotional situation to deal with, but Allie's family was now faced with a financial and physical uphill battle to support their daughter. Luckily, a health care provider suggested they apply for a grant with UHCCF. The grant they received has helped cover diabetic supplies, equipment and medications. Allie's family has shared their struggles and even stated that, "The foundation has kept us afloat and protected our daughter." Allie now has access to the medications she needs to live a long, healthy life.

Christian

At the young age of 4, Christian failed an eye exam at preschool. He promptly received the life-changing news that he had a brain tumor. Doctors performed a tumor resection surgery shortly after the diagnosis, which caused Christian to lose vision in both eyes. To help Christian do the things he loves, like reading books and playing outside, his ophthalmologist suggested he use a device called OrCamMyEye. This product had the potential to help Christian navigate and interpret things that are not in braille. A UHCCF grant made this device available to Christian. What may seem like a small victory is a life-changing opportunity for independence. Christian and his family are excited for the future adventures they can now have together, made possible by UHCCF and OrCamMyEye.

Gifts that give back

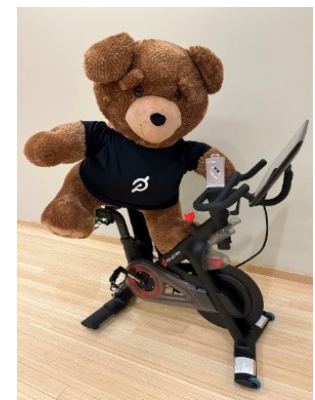

Pic My Pet contest

The Pic My Pet photo contest made a reappearance this year. The entries did not disappoint. In 2022, we saw a record-breaking number of entries, which helped us raise \$99,454. The money raised will fund 66 medical grants for children in need. The 789 entries came from people all over the country, many of which are UnitedHealth Group employees. Once the entries were in, it was time for people to vote. Although it was hard to choose, three winners emerged. Meet Blue from Texas, Monkey from Connecticut and Mona from Minnesota.

Hope for the Holidays

Hope for the Holidays is one of our favorite campaigns for a reason. Starting in October and running through December, people get the chance to participate and purchase a variety of amazing products including holiday ornaments designed by UHCCF grant recipients. There are many programs to choose from, but the return of the Oliver Bears that Bring Hope really stood out this year. These bears are sponsored by various UnitedHealth Group leaders, teams and partners. Each bear has a unique offering for its potential owner. Some of the most popular options included a Lake Tahoe bear, Peloton bear, an Apple Fitness-plus bear and a Minnesota Wild bear. Thank you to everyone who contributed to events such as the Oliver Bears campaign, the Holiday Toy and Gift Auction and other holiday programs. With your help we raised \$87,577.

Programs that change lives

Delivering smiles

The Grins² program is one of the most light-hearted and effective campaigns we have. Each gift is delivered to a child in a participating hospital. The funds raised through the purchase of the gift go directly toward a second child's medical grant expense. Each gift is filled with various, humorous gifts that are sure to bring a smile to the recipient's face. In total, 1,044 Grins² items were delivered to 163 children's hospitals across the country.

Holiday Heroes

Holiday Heroes was back in 2022 with the help from our partner, LabCorp. LabCorp generously donated a UHCCF Tumbler/Can Koozie when people donated \$25 or more between November 28 and December 9. This program generated a total of more than \$75,000, which funded 50 grants.

Cuddles to Go

Throughout the year, there were 18 Cuddles to Go events that helped raise money for medical grants while creating blankets for children in hospitals. One of these events was the All-Communicators Conference that took place at Optum in November. All together, these events led us to a total of 738 blankets that went to several participating organizations. Like the Grins² program, the Cuddles to Go program also helps fund a second child's medical expense. Seventeen children received funding for medical grants through this program.

How to apply for a grant

The UnitedHealthcare Children's Foundation offers medical grants that provide timely financial relief for families who have children with medical needs not covered, or not fully covered, by their commercial health insurance plan. Families do not need to have UnitedHealthcare insurance to be eligible.

Discover all the ways to help impact the lives of children and their families:

uhccf.org

[Facebook.com/uhccf](https://www.facebook.com/uhccf)

1-855-MY-UHCCF (1-855-698-4223)

How to make a contribution

Interested in helping fund medical grants for children in your area? Visit uhccf.org to make an online contribution, or send a check payable to UnitedHealthcare Children's Foundation to:

UHCCF

PO BOX 860734

Minneapolis, MN 55486-0734

Double your dollars

If you are a UnitedHealth Group, UnitedHealthcare or Optum employee you can have your donation matched by the United Health Foundation.

Visit: **unitedhealthgroup.benevity.org/cause/840-522177891**

Not an employee of UnitedHealth Group, UnitedHealthcare or Optum?

Use our online lookup tool to see if your employer participates in our match program. Visit:

uhccf.org/donate-now

UHCCF Planned Giving Program

Our Planned Giving Program allows donors be part of grant recipients' lives and legacies. Your support today will impact generations to come.

Choose how you want to give

- Memorial and tribute gifts
- IRA charitable rollovers
- Beneficiary designations (i.e., retirement plans, wills and living trust bequests)
- Appreciated stocks
- Charitable trusts
- Charitable annuities

It's easy to find the right gift and become a hero

We now accept gifts of appreciated stock. Working with your financial or tax advisor, we can create a personalized giving plan that's right for you.

Contact: uhccfcustomerservice@uhc.com

Thank You!

Together, we change lives.

With your support, UHCCF can improve the lives of children and families across the nation. Since 2007, your donations have helped deliver more than 32,000 grants and more than \$65,800,000. We will continue to spark change together.
